**Updated Salt Water Volume:**

**Updated Other Volume:**

**Updated Other Contaminant**

**Notes:**

On site at 10:20 a.m. 12/18/14. There is oil staining inside berm around tanks. There is light staining to the south/southeast of tanks outside of berm but still on well pad. I didn't notice any staining to the stubble field next to well pad. Spill appears to have remained on site.
